LA MAISONETTE, a restaurant at the corner of Sixth Avenue and Lincoln Street in Carmel, was almost completely destroyed by fire Sunday night, with damage estimated at more than \$10,000. The first report of the fire was phoned in by Kurt van Meier at 10:01 P.M., and the prompt arrival of the Fire Department and the efforts of those already on the scene were responsible for keeping the fire from spreading to the nearby Patterson Building and the home of Mrs. Harriet Duncan. Steve Patterson, owner of both the restaurant building and the Patterson Building, said that the building was insured for \$10,000. The restaurant equipment, owned by the operator, Mrs. Blanche Walsh, was also insured. Forty minutes after the first alarm was given, the place had been gutted and the flames extinguished. The origin of the fire has not yet been determined. POLAROID One-Minute Photo.

25% Rent Increase Plan Will Become Effective Monday

Landlords in Monterey County and the Township of Watsonville in Santa Cruz County will receive an increase in rents up to 25 per cent under a plan recommended by the Rent Advisory Boards of Salinas, Monterey, and Watsonville, it was announced this week by the chairman of the joint board meeting which recommended the new procedure.

cedure.

Under the plan, in addition to a general increase for eligible landlords, a new and simplified procedure will permit the increase to become effective on the date the landlord's petition is filed at the area rent office.

The new rent plan will go into effect throughout Monterey County and the Township of Watsonville Monday.

Property owners who have not had a rent increase since June 30, 1947, are eligible to apply for an immediate increase up to twenty-five per cent. All they need do is to secure a simplified, one-page form at their local rent office, fill it out and return it in person or by mail to the rent office. Within five days after the form has been filed, the Area Rent Director at Monterey, John A. Grimsley, will issue the order for the increased rent and will mail copies of approval to both landlord and tenant.

The tenant's right of objection is not nullified under this new plan, according to the chairman. He may file an objection within 15 days if he can submit evidence to show that any of the statements made on the simplified form by the landlord are not true. He may also appeal the decision increasing his rent to the Rent Advisory Board.

The twenty-five per cent increase will not apply to landlords who have had fifteen per cent increases by virtue of leases with their tenants. Nor will it apply, according to Rent Director Grimsley, to landlords who have received increases since June 30, 1947 by order of the rent office to cover increased cost of operation, including increases on so-called "hardship petitions," and increases to provide a "fair net operating margin." Such landlords, however, can make application for the difference between the adjustment they have received and the new twenty-five per cent level.

Monterey Rent Advisory Board members are John Martin, chairman, Dr. James Finley and Bernard H. Schulte, Carmel; Mrs. Houghton Roberts, Seaside, and Guy S. Curtis, Monterey.

Why Bill Bibb and
most P. G. and E. people
like their jobs

Edward M. Linnell, Fall River Mills, California, was a blacksmith and welder with us before he retired on a pension. Ed is famous for his work with corrective horseshoes, and still runs a small forge in back of his home.

W. Y. "Bill" Bibb began as an errand boy 30 years ago, is now a foreman in the Fresno Transformer Repair Shop. While getting ahead with P.G. and E., Bill took time to become a fine chef, get in some hunting and fishing, manage an amateur baseball club.

The fact that P.G. and E. people like their jobs is one reason why they do their jobs well. And that's important to every community we serve.

The job they do has been greatly responsible for keeping your gas and electric rates among the lowest in the nation. It's helped put an annual payroll of nearly \$70 million into Northern and Central California. And from the projects P. G. and E. people have built come federal, state, county and local taxes amounting to \$40,278,000 in 1949.

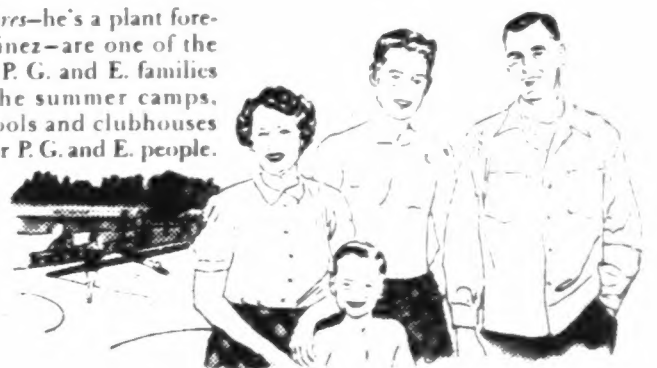

And, of course, their teamwork has enabled us to add 1,156,400 new horsepower since the war. By this time next year our total capacity will be nearly 4,000,000 horsepower—ample for our needs today, a good base to build on for the growing years ahead.

P.G. & E.
PACIFIC GAS AND ELECTRIC COMPANY

Virginia E. Harris, clerk in the General Office Engineering Department, was a pretty sick girl for two months last winter. But P. G. and E.'s cooperative Benefit Plan took care of practically all her expenses. And she's planning to catch up on the skiing she missed last season when the first good snow hits the hills.

The R. J. Moores—he's a plant foreman in Martinez—are one of the thousands of P. G. and E. families who enjoy the summer camps, swimming pools and clubhouses maintained for P. G. and E. people.

Bill Johnston, estimator in our Sonoma office, has been with us eight years—with time out to fight a war. His job is surveying farms for electrification. Bill is enrolled in classroom courses open to all employees—a young man on his way up.

Robinson of San Francisco, Mrs. C. Ruxton Love, national president of the AWVS, Burton Washburn, secretary of the California State Disaster Council, Frank Clarvoe, editor of the San Francisco News, Thomas A. Military and medical experts on the atom bomb are also scheduled to speak.

World War II? What are you doing in case of war emergency? What service would your organization best give in these troubled times?"

"It is vitally important," says Mrs. Lengfeld, "for us to have knowledge of the problems that face us. Co-operation at such a time as this is essential and the combined efforts of everyone are necessary."

Members of all AWVS units, of all service clubs and any interested persons are urged to attend. Those planning to do so are requested to notify AWVS headquarters at the Fairmont Hotel if reservations are needed.

Silly Putty, Latest Craze

Miss Margaret Peasley, partner in the David Prince Travel Agency and Gadgets Unlimited, new Carmel shop, has returned from a week in Los Angeles. While in Los Angeles Miss Peasley spent hours in the huge Merchandising Mart shopping for the latest in gadgets. The fame of Gadgets Unlimited has even spread to Hollywood, where mention of the shop was made in a Holly-

It seems that a starlet was in Carmel and bought an egg of Silly Putty, the latest craze to hit New York. The Carmel shop is the only place on the West Coast where Silly Putty can be obtained. Those of our readers who follow *The New Yorker* will know what Silly Putty is--we suggest that others not in the know can have some fun by going into the shop on Ocean and getting a demonstration.

"Shadow and Substance" Opens Tonight at Sunset

Tonight marks the opening at Sunset Auditorium of the Golden Bough Players' final play of the summer season, Paul Vincent Carroll's celebrated "Shadow and Substance."

One of the distinguished plays of modern times, it has been characterized by the critic Stark Young as "so beautiful and wise, so tender, sensitive and moving, that it makes the business of theatregoing take on once more the quality of glowing adventure."

The cast for the local production, which is directed by Gabrielle Kuster, includes Said Riza, Julie McCarthy (of "The Glass Menagerie"), Edward Kuster, Gloria Rollin, Arthur Balasz, John Evans, Thomas Morley, Judy Campbell, John Walsh and Marjorie Glennon.

"Shadow and Substance," which won the Critics' Award in New York when produced there, was originally presented by the Abbey Players in Dublin. The play has had a distinguished career in every part of the world. It is now being produced for the first time on Monterey Peninsula.

After tonight a second performance will be given Sunday, with additional performances next week, Saturday and Sunday, September 23 and 24. Tickets are on sale in the Golden Bough Court, Ocean Avenue, opposite Pine Inn (telephone 7-6748).

SPREADING the NEWS...

By Howard Statham

FOR THE UNDERSTATEMENT of the week, I would like to nominate the profound words of former New Jersey Congressman J. Parnell Thomas upon his release from Federal prison Sunday. "Aside from drudgery," said Mr. Thomas, "it was a vivid study in human nature and an opportunity to examine our Federal penal system from within." Mr. Thomas has not been on what you could call the "up and up" all his life, but the above words have the ring of truth about them.

Apparently he intends to mark it up to experience and let it go at that. His statement continued, "It will go down in memory for me along with my overseas duty as an infantry captain in World War I, with my hectic days of planning, plotting, investigating and exposure as chairman of the House Committee on Un-American Activities, with the critical months I spent in Margherita Hospital in Panama and in Walter Reed Hospital in Washington, D. C., which culminated in the removal of most of my stomach and with the 20 years of heartaches and joy in serving others."

LAST WEEK WE LOST our dictionary in the office--or we just got careless. In any event there were two mistakes that should not have been made. In the advertisement of the House That Jack Built we spelled Jewelry incorrectly. Reminds us of the time two years ago in an advertisement for the same firm we used the address of the Village Jewelry and the telephone of the Carmel jewelry. Des-

Miss Honoria Murphy, daughter of Mr. and Mrs. Gerald Murphy of New York, and her fiancé, Captain William M. Donnelly, Jr., of Carmel, wait at Del Monte Lodge for friends to join them for luncheon. Miss Murphy is spending the summer at the home of her cousin, Stuyvesant Fish, and his stepmother, Mrs. Sidney W. Fish, on the Palo Corona Ranch in Carmel Valley. She is a graduate of Miss Spence's School in New York. Captain Donnelly, World War II hero from Detroit, attended Georgetown University and currently is manager of the Pebble Beach Gun Club. They will be married this fall. Photograph by JULIAN P. GRAHAM.

pite these errors The House That Jack Built is still one of our best boosters.

The other faux pas was spelling the name of the owner of Town and Country Interiors. It should have been *George Eliot*, but we put in an extra "l" and "t." George has been out of town quite awhile--back in Michigan supervising the construction of a home and radio station for some clients.

MAYBE BETTY MacDONALD thinks that "Anybody Can Do Anything," to quote the title of her new book, but it isn't so. Some persons can do anything, perhaps, and a lot of persons can do almost anything--but every once in a while some pretty big outfits find their hands tied in matters that on the surface would appear to be simple enough.

Devi Dja to Appear Next Week in Carmel

Devi Dja, celebrated Indonesian dancer, will present a program of music and dances from the Orient at Sunset Auditorium, Friday, September 22, at 8:30 p.m. She will be supported by her new company of Bali Java dancers and musicians.

Principal male dancer in the new company is Ali Asan, from the Pentjak Theater, Soerabaya, who recently scored with his own troupe in Indonesia, Malaya and India. Alyn Simka, featured in the motion picture "Anna and the King of Siam," is the new temple dancer. Kalu Minang, from Sumatra, introduces dagger and spear dances of jungle origin.

Emas Enwok, Javanese virtuoso, plays accompaniment on the gendar (an instrument similar to the marimba), the angklak (a bamboo rhythm instrument) and the rehab (a one-string violin). Wang Djapar, winner of the 1949 Stokowski trophy as Bali's outstanding musician, plays the temple bells, Balinese gongs and an assortment of drums.

The "Shrine of Buddha" ballet, which will be presented Friday night, is dedicated to Leopold Stokowski, who first discovered Devi Dja on a trip to Bali in 1937, and who persuaded European and American managers to engage her for concert tours.

Later this autumn Devi Dja's tour will take her to New York, where she is scheduled for guest appearances on television shows with Jack Benny (October 29) and Milton Berle (November 14).

Tickets for her Carmel performance are on sale at the Browse Around Music Shop at 6th and Dolores (7-4125) and at Abinante's Music Shop at 425 Alvarado Street, Monterey (2-5893).

DEVI DJA and her widely-known Bali Java Dancers will appear Friday night, September 22, at Carmel's Sunset Auditorium in a program of comic pantomimes, jungle numbers, temple dances and folk sport ballets of Indonesia. They will be accompanied by their native gamelan orchestra.

P.T.A. Carnival will Open with Children's Parade Tomorrow Morning

Charlie Chaplin, Ben Turpin and William S. Hart will be on hand tomorrow night to entertain the many persons who attend the Parent-Teachers' Association Carnival in Carmel.

The three oldtimers won't be there in person, of course--just on film. They'll be part of a program which has been planned for the enjoyment of adults and children alike.

The carnival will start off at 10:30 in the morning with a children's parade, in which children of all grades will participate. The parade will form at the Sunset School baseball field, and will follow this route: Up San Carlos to Ocean Avenue, east to Mission, west again to Dolores, back to San Carlos on Ocean, and thence to the starting point. Floats, costumes and decorated vehicles will be featured. The children will gather at the baseball field at 10 o'clock.

Other features besides Chaplin, Turpin and Hart to be presented at the hour-long evening show are several excellent numbers from "South Pacific," by Choirmaster Jimmy Griffin and his young chorus group, some rollicking tunes on an old player piano, and a presentation by several persons who have never trod the boards of Sunset Auditorium in such a unique capacity as they will tomorrow night. High school student Pat Sturdy will repeat the inimitable act she gave at the Youth Follies earlier this year.

At 11 o'clock carnival booths will open at the Sunset field. Other events on the schedule are judging of a baking contest at 12 noon, movies every half hour beginning at 1 o'clock, a freak show at 1:30, pony rides beginning at 2 o'clock, an auction at 3:30, another presentation of the freak show at 4 o'clock, and the evening entertainment from 7:30 to 8:30 at night.

Mrs. G. Ridgley Parker, in charge of the evening entertainment, has announced that the admission price will be "very, very nominal."

A NIGHT IN BALI is the general idea the people above are trying to get across. Being very successful at it (left) are the wives of four Naval officers. The ladies who have gone native are Bettye Peck, Jane Baskin, Mary Jaep and Fran Vaughan. Slightly less Balinese, but nonetheless funny, are the ventriloquist and his dummy at right. Lieutenant H. M. Doran is seen sitting on the lap of Lieutenant Commander S. Freeborn. The occasion was a very entertaining show presented by naval personnel last week at the General Line School.

The Crafts Building at the Monterey County Fair is almost completed and will open with a fine display of the 22 crafts that are produced in Monterey County, according to Marion Brueck, who is chairman of the Carmel Craft Guild committee putting on the exhibit. The craftsmen built the building with their own hands, because under the state law no money can be spent for art or crafts. The building is one of the most beautiful fair buildings in the state.

Pictured above are Howell Armor, Sara Kistler, Glenn Minshall, Maurice Mayo, Marion Brueck and E. M. Beecher.

SPREADING THE NEWS

(Continued from Page 6)

For instance, take *The National Geographic Magazine*—a well-known and greatly respected publication. Expeditions sponsored by the National Geographic Society have climbed the highest mountains, penetrated the darkest jungles, mushed over the coldest icecaps and sizzled across the sands of the hottest deserts. Here, if anywhere, you would think, would there be persons who could do anything. But no.

THE SPECTATOR is in receipt of a letter from a local lady who was kind enough to thank us for sending her an extra copy she had requested. She included in the letter a few bits of news she thought might interest us, and among them was the following:

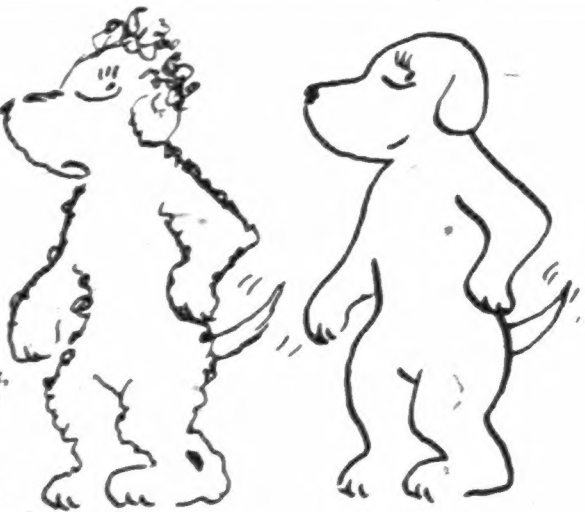

Her time being taken up pretty well with other activities, she wrote to the *National Geographic* asking that her name be taken off the list of subscribers. She received a reply stating that the magazine should like to do so—but couldn't, as she was a life member.

Holman Club Will Enter Float in Fair Parade

The Holman Club will enter a float in the Monterey County Fair parade, Friday, September 29, President LaVerne Blikre has announced. The float is being built by club members, one of whom will be awarded a prize for the best suggestion concerning the float's construction.

SMOOTH TRAVELING

Next week will see the completion of the present construction of the Carmel Valley Road from the Farm Center to the intersection of the Los Laureles grade. Work began on this last winter after much planning and many delays due to rights of way, etc.

Contractor John G. Mehren of Campbell, California, had been awarded the contract and pushed steadily ahead on the job, but not fast enough to suit many Valley residents and visitors who were forced to wait over an hour at times in order to pass the construction area just being completed. Tempers sometimes flared but settled down this spring when, at the "gentle" suggestion of THE SPECTATOR, a detour was constructed by the County from the Tice Ranch to the Rancho Fiesta.

By next Tuesday traffic will traverse all of the new road, although it will probably be the end of the week before the black top will be on a remaining small portion as yet unsurfaced. To celebrate the event the Carmel Valley Businessmen's Association, under the presidency of Harold O. Sand, will play host to a luncheon at the Robles Del Rio Lodge on Tuesday. Guests will be the Monterey County Board of Supervisors, Road Chief H. F. Cozzens, Resident Engineer Guy L. Murphy and Contractor Mehren.

Editorially, this publication may have been critical at times of delays, but surveying the completed construction we wish to congratulate those in charge upon a road that is well-constructed, and also say a word in praise of Resident Engineer Guy L. Murphy for his courteous treatment of the press.

The "Before" photographs on this page were taken by Engineer Murphy and the "After" ones from exactly the same locations by your editor, with his trusty Polaroid One-Minute camera.
